PRODUCT BENEFITS:

- CSI Integral Color pigments are available in a wide variety of standard colors. Custom colors and color matching are also available.

- CSI Integral Color is packaged in disintegrating 5- and 6-pound bags for exact cubic yard dosing, clean handling and fast batching. (Other packaging options are also available).

* The colors on this color card approximate, as closely as possible, the appearance obtained in natural light. Variables, including job conditions and finishing techniques, affect the final color. If color accuracy is critical, a pre-construction sample utilizing actual job site materials and construction methods is required. Information contained in this brochure is to the best of our knowledge, true and accurate but all recommendations or suggestions are made without guarantee. Since the use of the products is beyond our control, ChemSystems, Inc. disclaims any liability incurred in connection with the use of our products and any information contained herein.
